Updated COVID-19 Protocols at the Yellow Door studio:

- All classes are back in-person without capacity limitations.
- Masks are no longer required, but rather encouraged at the studio.
- Vaccinations are no longer mandatory for reCREATIONal members, but encouraged (including booster shots).
 - With the exception of Fall Performance Company members as the venue for the final performance, FirstOntario Performing Arts Centre still requires all performers to be fully vaccinated.
- Our staff are fully vaccinated and will continue to wear masks.
- The cleaning/disinfecting of high-touch surfaces at the studio will continue.
- The presence of hand sanitizer at the studio will remain.
- We at Yellow Door encourage company members to stay home if they are sick and to wash/sanitize their hands frequently.

*If Cast or Crew test positive and/or start to feel sick, they must isolate. The day they receive a positive test result is day 0 of their isolation. Ontario regulations state that people can return after 5 days, **as long** as they wear a mask for an additional 5 days. To be clear - people can carry and spread covid without symptoms. If someone without symptoms tests positive, they will likely start to experience symptoms shortly following their positive test result, however some people stay asymptomatic their whole contagion period.*

Yellow Door thanks you for being understanding as we try to follow ever-changing government and theatre COVID-19 regulations.

See you soon!
